

WARNING**Magnetic Field!**

Can be harmful to
pacemaker wearers.
Pacemaker wearers
stay back 36 in. (90 cm.)

WARNING

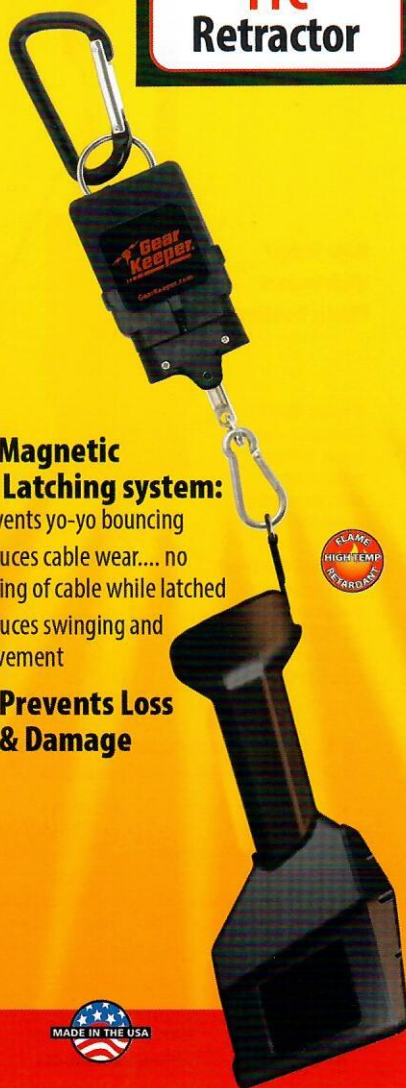

- Extremely High Retraction Force
- When TIC not attached DO NOT release extended retractor end
- Retraction force is rapid and forceful resulting in injury and damage to product

INSPECTION PRIOR TO USE

Inspect line and connections for wear and integrity. Repair or Replace as necessary to avoid loss and damage of gear/devices.

Gear Keeper's Guarantee of Quality and Support...**Our Unbreakable Promise:**

Manufacturer defects covered for as long as you own it, plus fair wear-and-tear repair. See website for complete details and service assistance.

**Gear Keeper****MAG KEEP™
TIC
Retractor****▶ Magnetic Latching system:**

- Prevents yo-yo bouncing
- Reduces cable wear.... no flexing of cable while latched
- Reduces swinging and movement

**▶ Prevents Loss & Damage**

High Break Strength • High Temp • Salt Water Proof

RT3-4504
**Aluminum
Carabiner**

RT3-4506
**Aluminum Twist
Lock Carabiner**

**High Temp /
High Impact
Plastic housing**

Pivot Ball
Reduces cable
wear when
retractor
is in extended
position

Barrel Swivel
Reduces cable
twist and flexing...
all movement is
isolated at the
connection point

**Large Load Bearing
Aluminum Carabiner**
Easy attachment, in-
tegrated for minimal
dangle length

**MAG KEEP - Retracting End
Magnetically Latches to
Gear Keeper Housing**

- prevents yo-yo bouncing
- reduces cable wear no flexing of cable while latched
- reduces swinging and movement

Specifications

RT3-4536
• 18" (45 cm) Ext
• 36 oz. (1.02 Kg) Retract Frc

RT3-4548
• 22" (55 cm) Extension
• 48 oz. (1.36 Kg) Retract Frc

RT3-4558
• 22" (55 cm) Extension
• 58 oz. (1.64 Kg) Retract Frc

RT3-4568
• 16" (40 cm) Extension
• 68 oz. (1.93 Kg) Retract Frc

- SS Cable with Nylon Coating
- Stainless Steel Spring & Hardware
- 80 lbs. (36 Kg) Breaking Strength
- 400° F (204 C), V-2 Flame Rated Case
