

High Break Strength - Salt Water Proof - Self-Flushing

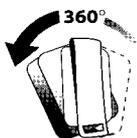

The complete Call Lanyard System

- Avoids the nuisance of wearing Calls around your neck
- Keeps Calls convenient yet out of the way
- Side-release system allows quick connection/disconnection of Calls
- Secure, self-adjusting, stainless steel spring-loaded Call attachment

Mounting

Pin Mount: Threaded pin (stud) penetrates jacket pocket, webbing strap or flap. Threads into back of Gear Keeper.

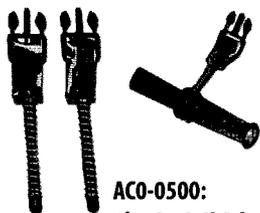

Rotating Belt Clip
Stainless steel belt clip securely attaches to belts, or webbing (up to 2") or pocket flaps. Rotates 360° for ease of use.

Call Lanyard Accessories

(A) Allows double connection to a single call or
(B) Allows two calls to be connected to a single S/R slot

ACO-0503:
Dual Call Adapter

ACO-0500:
