

Keeps Mic Accessible - Easy to Use

Retractable CB Mic Keeper

9 oz. Retraction Force / 28" Extension

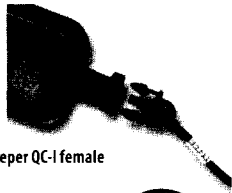

- 1 Gear Keeper Retracting Tether suspends mic from headliner.
- 2 Keeps your mic right where you need it; not swinging into your head or dropping on the floor. Includes D-ring for easy mounting to existing screw in headliner, visor or radio mount. Also includes lanyard extension to hang mic at right level for best access.
- 3 Compact unit preferred by 70% of users. Adequate extension for most applications with easy retraction force

▶ Installation Instructions

1. Attachment D-ring to available screw in truck cab
2. Snap Gear Keeper on to D-ring with Snap Clip

3. Stretch elastic lanyard loop over mic button

4. Connect lanyard to Gear Keeper QC-1 female
