# Gear Keeper

## Anchored Heavy Tool Tether 6 Foot Reach

- ▶ Compact recoil reduces entanglement
- ▶ Provides up to 6 foot reach
- ▶ Low force recoil offers strain-free reach
- ▶ Anchor to a structure for heavy tools

### WARNING

- Modification of tool tether or components will void tool ratings
- Connecting two or more tethers or adding/extending tether length will void tool ratings.
- Inspect tool tether and tool attachment before each use for wear or damage and repair or replace if necessary
- Inspect tool tether after tool drop for signs of wear or strain and replace if necessary
- Inspect tool attachment after tool drop for signs of slippage and reinstall if necessary
- See Tool Attachment Instructions for proper installation.
- Do not exceed tool weight limits
- Not for personal fall protection
- Do not use around machinery

### ! WARNING

- Attaching a tool that is too heavy to a person can result in injury!
- Max tool-weight should be approved by a qualified safety professional.
- NOTE: Tool Lanyard rating may be higher than your approved limit.

NOTE: If unsure of how to use this product or have any questions, contact Hammerhead at:
