

Salt Water Proof - High Break Strength - Self-Flushing

Retractable Radio Mic Tether

- Gear Keeper® Retracting Tether suspends mic.
- Grab Your Mic, Use It, Let It Go - It retracts back up.
- No more fumbling around trying to hang your mic.
(includes mounting hardware & adhesive option for attaching Gear Keeper® to boat)

Mounting

Snap Clip

1. Attach D-ring to existing screw in cabin
2. Snap Gear Keeper® to D-ring.

OR

Adhesive Patches

1. Choose a vertical surface for mounting so mic hangs without stress on cord
2. Mounting surface must be clean & oil-free
3. Remove top portion of snap clip from retractor
4. Apply adhesive to retractor & attach to surface

Mic Attachment

Mic with Mounting Button

1. Stretch elastic lanyard loop over mic button.
2. Connect lanyard to Gear Keeper.

OR

Mic with Mounting Slot

1. Mic surface must be clean & oil-free
2. Attach adhesive lanyard loop with split ring to Mic back
3. Attach Gear Keeper lanyard to split ring
