

**High Break Strength • Salt Water Proof • Self-Flushing**

## Retractable Wading Staff Tether

9 oz. Retraction Force / 30" Extension

- 1 Grab your wading staff, use it, let it go... It retracts back
- 2 Patented Flushing System: Sand or debris are flushed out of retractor during normal use. To Manually Flush: Submerge unit in water with line facing upward. Allow it to fill with water and then invert unit and operate rapidly 5-10 times. Repeat until unit operates smoothly.

### Wading Staff Attachment

If no loop exists on staff for attachment, lanyard can be looped around staff handle and cinched tight with barrel lock.

Lanyard allows staff to be stored in a holster while connected to Gear Keeper

### Mounting System Included

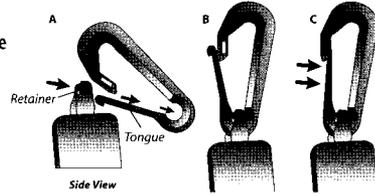

#### Combo Mount

**Snap Clip Mount:** Attaches to D-ring

**Threaded Stud Mount:** Stud penetrates BC pocket or webbing strap. Threads into back of Gear Keeper

#### Snap Clip Installation

- A. Pry open Tongue of Snap Clip & force Retractor Retainer into Snap Clip.
- B. Force Retractor Retainer deep into Snap Clip until it snaps in place.
- C. Force Tongue of Snap Clip into locked position.

### Quick Connect-II (Q/C-II) Feature

Staff is easily disconnected from retractor

Q/C-II Accessories:

- AC0-0911 Q/C-II Split Ring (Optional)
- AC0-0912 Q/C-II Lanyard (Included)
