Snap Clip Mount

Hammerhead's Guarantee of Quality

If you are not satisfied with any Hammerhead Product, we will replace it or refund your money within thirty days after purchase through the original dealer. Hammerhead Industries warrants its products against manufacturing defects in workmanship or materials. The warranty is void if the product has been abused beyond normal and sensible wear and tear or used for purposes other than intended.

Cable/Line Warranty & Rebuild Policy

All Gear Keeper Retractors are manufactured with the highest quality cable/line. Occasionally inspect the cable/line for signs of wear in order to prevent loss of gear. Hammerhead Industries will replace the cable/line for a service charge of \$8.00.

Please contact Hammerhead Industries for a Return Authorization Number and mailing instructions.

If upon receipt of retractor Hammerhead determines that other components vital to the retractor are worn beyond their useful life, the \$8.00 will be returned and no repair will be done.

WARNING: Do Not Release Retractor End When Fully Extended

Retraction may be rapid and forceful, resulting in injury and/or damage to the product.

**No more searching
for your flashlight**
It's right where you need it!

**Grab It, Use It,
Let It Go...**
It Snaps Back Every Time

High Break Strength • Salt Water Proof • Self-Flushing

Small Flashlight Retractor

9 oz. Retraction Force / 30" Extension

- Keeps flashlights close by, easy to use

Patented Flushing System allows easy cleaning as well as removing sand and debris during normal use.

Rinse Unit to extend retractor life in salt water environments after use.

Manually Flush: Operate unit in fresh water rapidly 5-10 times. If unit is packed with sand or debris, submerge unit in water with line facing upward. Allow it to fill with water and then invert unit and operate rapidly 5-10 times. Repeat until unit operates smoothly.

Quick Connect-II (Q/C-II) Feature

Q/C-II Accessories:

- AC0-0911 Q/C-II Split Ring (Included)
- AC0-0912 Q/C-II Lanyard (Optional)

Gear is easily disconnected
from retractor
